BROADHEAD

Little has been said in our letters on the subject of good roads, and to some of the Signal readers it might appear that Broadhead people are not interested along this line; but those who know us better know that Broadhead has always been ready to grasp every good opportunity that has been presented whereby we can better our condition and those around us. True many of us were opposed to the issuing of bonds to build these roads, and only from the fact that we could not see far enough in the good future to know what we were doing, but now under the present existing road laws it is easy for any one to see that so long as this law is valid that we should avail ourselves of this grand opportunity, and build pikes at least thru

the county in two directions. We feel that a good step now to take would be to call an election for the purpose of the voters expressing themselves on the subject of issuing bonds, and in as much as we can now get an appropriation from the state equal to the amount that we set apart for this purpose, we feel that every voter who has the advancement of his county at heart would not only cast his vote for it, but would be willing to donate his energies to make the much talked of Boone Way a splendid pike. Now that our people can see that it is possible to accomplish these results, and while we have a chance to avail ourselves of every dollar that the State Aid Road Law provides, we feel that no time should be lost in laying foundation for the most needed improvements that any county can

enjoy. We endorse our Fiscal Court in the steps already taken, and assure them of our hearty support.—The much talked of light plant for Broadhead has taken on new life again, and we hope to soon see steps taken to bring this much needed improvement into existence. There is no reason why that it can not be made a paying proposition here as well as elsewhere, and with only a small outlay for machinery. We have the power to run a plant and why not use it.—Mr. and Mrs. J. E. Carter are visiting relatives in Owen and Shelby counties, and will probably spend the holidays there.—Mrs. John Gaylor, of Rockhold, mother of Mrs. R. S. Shivel and Mrs. A. J. Leece, of this place, died at her home Tuesday of Typhoid. Her son died a few weeks ago at Pineville from

the same disease. Mr. and Mrs. Shivel and Mrs. Leece left Tuesday night for Rockhold, where the funeral was held Wednesday afternoon.—Dr. and Mrs. W. Carter were visiting relatives in Shelbyville during the week.—Lewis McAdams sold a small farm to Arthur Robinson for three hundred dollars.—H. C. Wolf, the cross-tie man from Berea, was calling on Judge Haggard Wednesday and Thursday.—On Christmas evening a play will be given by the members of the Hamiltonian Society, entitled "The Ice Man". This is a good selection and is sure to please.—Remember the date.—Mr. and Mrs. John Robins were in Crab Orchard Wednesday.—Mr. and Mrs. Chas. Pike, of Corbin, were the guests of his parents, Rev. and Mrs. A. J. Pike during the week.—H. E. Christie has moved his family to the A. J. Pike home, and Mr. and Mrs. Chas. Middle now occupy the residence vacated by Mr. Christie.—Miss Miranda Tate returned the first of the week from a visit to friends in Danville.

LIVINGSTON.

Mr. and Mrs. I. W. Catlin visited Mr. Catlin's Parents at Lebanon Sunday.—The Livingston Lumber Co. started their saw mill Monday. They broke some piece of machinery and have been waiting for it.—The new blocking system thru Livingston will be put in operation this week. This will be a great improvement in railroading.—Wm. Hicks informed us that advertising was the thing and that at last he thought he was sure of a partner now, for the last week the mail had been flooded with letters from all over the state on a matrimonial subject and also several applicants had come in person. He said they run in age from 60 to 90 years, some were old maids and some widows' some had families ranging from 8 to 12 children. He said one came with 12 children and her mother but Hicks said he always had a distaste against a mother-in-law and they could not make the deal. He said when one come that filled the bill he intended to make a grand feast and invite in all the widows and widowers.—The latest thing out is the Livingston Brass band, composed of the following members: Messrs W. A. Rice, John Lear, Hobert Griffin, Fred Baker, C. J. Rice and Maurice Cottongim. The boys have only been practicing a few days and we want to say they make splendid music. We think in just a little while it will be second best to none but will be in the lead. Say Mt. Vernon come on with your trumps. We have you now.—Our old friend S. C. Franklin, L. & N. watch inspector of Mt. Vernon was down Tuesday but was very quiet while here, knowing the threats that had been made and being on the enemies territory. We were sure Mr. F. would give us the name of our hidden enemy but he claims that he is on neutral ground and he remains silent.

There are some real estate men here and they in connection with Mr. J. W. Sams are surveying and laying off lots on the tract of land that Mr. Sams purchased some time ago. Now is the chance for a man that wants to come to one of the best little towns in Eastern Kentucky where better people never lived, where the advantage of a graded school is to be had, where there is a church to suit almost any one viz Baptist, Christian and Presbyterian. Where the climate is ideal, the winters never too cold and in summer the cooling breeze off of the basin of the placid waters of the beautiful picturesque Rockcastle river in whose waters thousands of game fish await the fisherman, where Boone Way will in the near future pass where not many years ago stood pole cabins and shacks where now stand beautiful frame cottages and brick business houses where the Masonic order and the Junior order are represented and each have their own hall, so you see if our little town is in the mountains yet we are blessed with some of the best earthly gifts.—Died Saturday,

MEMBER OF
KENTUCKY PRESS ASSOCIATION

Cumberland Gap, Tenn
Dec. 7th, 1914.

Mt. Vernon Signal,
Mt. Vernon, Ky.

Dear Sirs:

I thank you for recent copy of the Signal containing the interesting article "Over The Trail".

Over this way we are immensely interested in the work in our adjoining counties in Kentucky. My county (Claiborne) has already appropriated \$365,000.00 for building roads; and had not the bond market gone to pieces, last fall, we would have been at work.

The Boone Way will become the real great National Highway when built. Before the building of numerous railroads between the north and the south, it was the most important highway, probably in this country, and when the plans now on hand are matured, it will again reach its original importance and upon a much grander scale.

Next May the D. A. R. association will unveil, right in Cumberland Gap and right beside the old Boone Way, a splendid monument to this great path-finder. The funds are already available; but if, by that time, three thousand men are at labor along the line through Rockcastle, Laurel, Knox, Bell and Claiborne counties, constructing this great highway, we shall then indeed be building a monument—one of the greatest movements ever built in memory of man.

We can assure our neighbors, in Kentucky, that when they do their part, our's will already have

been done, and the Boone Way will have been completed, all the way.

Speed the good work in every county.

Sincerely yours,
J. H. S. MORRISON.

PROMPT ACTION WILL STOP YOUR COUGH

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my Cough" is one many honest testimonials. 50c. at your Druggist.

SUGGESTIONS FOR SHIPPERS OF CHRISTMAS PACKAGES

No. 1. Ship your packages early today if possible.

No. 2. Whenever possible use strong wooden boxes for packing. It may cost a few cents more but the danger of loss and damage is very much reduced. True, if the shipment is lost or damaged, the Express Company will pay for it, but that will give your friend no pleasure.

No. 3. Write the address plainly and full; town, county, and state, also street and number; on box or wrapper with ink or crayon. Use tags only when absolutely necessary as they are easily torn off and lost in handling shipments.

No. 4. If you desire to prepay the charges, write the word, "PAID" in large plain letters on the package.

No. 5. Insist upon a receipt and if charges are paid, see that such amount is shown on receipt, also declare value of shipment and have such value embodied in the receipt.

No. 6. Write your own name and address plainly on package, showing yourself as shipper and also a card bearing your full name and address so that in case outside mark becomes mutilated and consignee's name is lost, you can be promptly notified.

No. 7. If not convenient to ship in a box use strong wrapping

paper and tie with a strong cord. Do not use newspaper or other paper that has any writing on it as it may mislead the employee handling same and result in loss or delay.

No. 8. If package contains anything of a perishable nature write the word "PERISHABLE" in large plain letters on box or package to insure special attention en route and at time of delivery.

SICK HEADACHE

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." A Los Angeles, Calif., paper, speaking of the ladies who collected for the Belgian relief fund says: "Miss Betty Adams (formerly of Mt. Vernon, Ky.), collected \$125.58, the largest made by any of the solicitors." [Editor.] The article should read Miss Elizabeth Adams.

This season, perhaps more than any in the last few years, will be one of practical holiday gifts. It would appear that the general mass of people, instead of giving brother or husband the usual conglomeration of useless smoking outfits, ash trays and gimcracks, will give instead something of a more useful and practical nature.

NOTICE.—There will be a meeting of the stockholders of the Mt. Vernon Fair Association at the Court house in Mt. Vernon, Ky. on Saturday, December 19th at 1 p. m. sharp for the purpose of electing officers for next year. There is other important business to be attended to and every stockholder is expected to be present and on time.

We stated in last week's issue that Dr. Webb, of Livingston would be a candidate for Representative and would likely have a clear track. We were a little premature in the latter part of that statement, as E. Bullock, the big hearted saddlery drummer, of Hansford, has declared himself a candidate and says he will be in the fight to a finish.

Mrs. R. S. Beasley, who will begin teaching school at her country home near Orlando, Ky., the first Monday in January, 1915, is endeavoring to build a church in that vicinity. Any persons desiring to contribute to the church fund can send it here to Mrs. Beasley at once. The former residents of old Rockcastle county should lend their aid to this great work and their names will be inscribed on a tablet to remain permanently in this church.

FOR SALE.—For the man or woman who has desire to convert his or her rent receipts into a home, I am offering a substantial four room cottage located near graded school building in Livingston, good water in yard. A well illuminated store room is good advertising and a successful business man, who always figures his advertising as one the important parts of his business. In the well lighted, attractively arranged business house, is where you find the evening crowds, and if your store house is not one of the places make it so. Something for show is not always in good taste but the showier and more attractive a business house can be made, the more visitors that house will have and the more visitors, the more goods sold.

Sheriff, Curt Robinson of Garrard County is dead.

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic in the stomach and bowels. Price 25c per bottle. Sold by John Robins, Brodhead, Ky.

A telegram received by Judge Bethurum from Dr. White said, that a definite answer on the big land deal would be given in a few days. The outlook is not as bright as it might be but we still have hopes that the deal will be a go.

SICK TWO YEARS, WITH INDIGESTION

"Two years ago I was greatly benefited thru using two or three bottles of Chamberlain's Tablets," writes Mrs. S. A. Keller, Elida, Ohio. "Before taking them I was sick for two years with indigestion." Sold by all dealers.

How we can get eight to ten miles of pike each year, is to vote a special tax of 25 cents on the \$100. This would insure enough money each year to meet the State allowance and save any bond issue either. By voting this extra tax, then the county could take care of the roads in the usual way and at the end of five or six years we could have two pikes through the county each way and no one would ever feel the burden of any tax. A bond issue, however, is still better, because we could have the roads and be using them during the five or six years we would have to wait to get them by the special tax. No matter how it is done the State will pay half. The columns of this paper are open to the people for suggestions. Since half of the money will be given us to build roads, why not get busy. Get warmed up to conditions and take advantage of the situation, before it is too late.

Children take BALLARD'S HOREHOUND SYRUP willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, hoarseness and bronchitis. It's a good medicine and easy to take. Price 25c, 50c and \$1.00 per bottle. Sold by John Robins, Brodhead, Ky.

Pine Hill, Ky., Nov. 30, 1914.

To the Editor Mt. Vernon Signal.

Dear Edgar:—

Will you please find space in your columns for a few words from Pine Hill I want to tell your readers about the wonderful success of our Fifth Sunday meeting held with the Baptist Church at Pine Hill Nov 28 and 29th:

On Saturday evening we had a large attendance and a number of able speakers, and discussed the evils of intemperance, and the proper attitude of church members toward it. It seemed that every man was aroused to a new sense of his duty toward the great evils of this curse intemperance. May the Giver of all good gifts hasten the day when we shall have nation-wide prohibition.

Saturday night the house was filled to its full capacity and then could not hold the people. The singing was excellent and the spirit of prayer seemed to be present with God's children. Rev. A. J. Hike, one among the oldest of our ministers in the Rockcastle Association, but still strong, both mentally and Physically, preached a great sermon that seemed to give spiritual food to all.

On Sunday, in spite of the rain, they gathered at 9:30 a. m. and discussed the best methods of visiting the Churches of our Association in the support of missions. This seems to be one of the great hindrances of the advancement of the Kingdom of Christ.

"The Failure in Supporting Missions," was well discussed by Revs. Allen, Pike, Cliff and Clouse. At 11 a m., the gifted Rev. D. Edgar Allen, preached for us, picturing Christ as a babe of Bethlehem, of Gethsemane, on the cross, in the tomb, arisen and ascended, with great power that seemed to melt the very hearts of sinners. The good women of Pine Hill had prepared a basket dinner that all were invited to partake of at 12 m. Bro. Pike said he never say anything in the way of a basket dinner to surpass it, in quantity or quality. The afternoon was given to Sunday School work. The subjects: "How Can We Best Improve the Teaching in our Sunday Schools" and "The Benefits Derived, by a Good Sunday School, in the Church." These subjects were well discussed by the Revs. Allen, Cliff and Pike. We feel that the Church at Pine Hill has been much benefited by this meeting, and we trust that messengers from the various churches and all the visiting brethren and sisters have been much benefited by our coming together, and will carry the blessings and knowledge they have received at this meeting to their homes and churches and impart them to others. We give God all the glory.

J. W. HILTON,
Chairman Executive Board Rockcastle Association.
